Walk around Friends Lake Property:

Jason Tallant has confirmed that he will be happy to lead a walk around the 90-acre Friends Lake property. Jason is our environmental planning specialist; he's a landscape ecologist at the University of Michigan and the father of a couple of the young kids in the Friends Lake community. He has prepared two new maps for us: the trails map and the map of the varied ecological niches on the property.

After the walk, friends are encouraged to stay and enjoy the weather and friendships.
