

Friends of Lake Erie Yearly Meeting:

*Please allow me to introduce myself. My name is Lucretia Mott. I was born more than two hundred years ago, but through some magic that I don't understand, I am able to visit the twenty-first century and have the opportunity to tell people about my life.*

*If you are unacquainted with the facts of my life, I will simply say that I was quite well known in my time for my efforts in the anti-slavery movement and in promoting rights for women. I am honored to have the opportunity to tell people about the issues that we cared about in our times and how we worked to bring about change.*

*An individual from Lake Erie Yearly Meeting, who knew of my visit to the twenty-first century, asked if I would speak to your group, Quakerism 101. I am delighted to do so, and to experience the wonder of Zoom.*

*I hope you will join me on Zoom on January 16 at 7:00 PM.*
