

Friends of Lake Erie Yearly Meeting:

Join Friends online as the Ann Arbor Meeting presents a session on guides to Faith and Practice written by Friends—the history of how our non-creedal society came to create and use such documents; the experience of Friends who have created, developed, and revised these guides; and how they are maintained as living documents as meetings grow and change.

Friends will take part in an interactive exercise in which small groups will review passages from various Faith and Practice guides and experience the process of spirit-led discerning together as might be done in developing such a guide..

Join us on Zoom on Tuesday February 20 at 7:00 PM.
