LEYM QUAKER VIGIL FOR PEACE

Friends are Invited to Bear Witness Against Militarism and Inequality

Saturday, June 14 is the date of the military parade in Washington, DC, costing taxpayers millions of dollars at the same time as Congress is considering a bill that would eliminate millions of citizens from medical coverage, cut nutrition programs, and in general remove safety net services for vulnerable people. The Quakers here in Ashland want to express our opposition to the expensive, tax-supported parade. Our plan is to hold a respectful, **nonviolent** public vigil across the street from the Convo Center, and for Friends that want to, to walk down to join the **No Kings Rally** downtown. Please let your **Quaker Values** shine through in your messaging.

Sign-making materials will be available in the Alumni Room starting Thursday.
