2026 - 2027 Facilitator

Steven Dale Davison is a member of Princeton Meeting in New Jersey. He is the author of two Pendle Hill Pamphlets, *The Gathered Meeting* and *Nurturing Vocal Ministry: Toward a Vital Culture of Eldership*, which will be published in June 2026. He is the author of the Quaker blog *Through the Flaming Sword*, two chapters in *Quakers, Politics, and Economics*, and several *Friends Journal* articles. He has a minute of travel for the fostering of the gathered meeting and a spiritual support committee under the care of his meeting for the support of his ministries. He lives in Pennington, New Jersey, with his wife Christine M. Lewandoski.

Groups form during the fall retreat. Together they decide their meeting schedule & frequency as well as their group format throughout the 9-month duration of the program.

Some groups select spiritual readings for the year from a selection of books recommended at the retreat.

Other groups may choose a format that provides opportunities for each person to share where they are on their spiritual path and how their spiritual practice is going.

Some groups have formats that do both.

# Do you...

...seek a deeper spiritual experience?

If you wish to deepen your spiritual life you are invited to join the LEYM Spiritual Formation Program for 2026-2027. It kicks off with an opening retreat in September 2026 and ends with a closing retreat in May 2027. Through the retreats and participation in a local group that meets regularly throughout the 9 months, participants create a close faith community for spiritual growth, mutual support, and encouragement.

# Details:

In this our first time together, we will begin to form with each other a fellowship of the Spirit for shared exploration and growth and for mutual support, often working in small groups.

We will reflect on our past spiritual and religious experiences and clarify what our own path is, the faith and the practices that open us to God's presence in our lives and that guide us and sustain us on our journey. We will explore how we might integrate these and other aspects of our individual spiritual lives in the context of the Quaker tradition of spiritual formation and nurture and in our home meeting life. And we will look forward to our continued sharing and exploration over the coming months.
